

REGISTRATION FORM

Details of Registration

One Day Workshop On Experiments in Pharmacology 11th August, 2013

Name: _____
Qualification: _____
Designation: _____
Organization: _____
Address: _____

Contact No: _____
E-mail: _____

Fees: 500 INR

Last date for registration: 5th August, 2013

Mode of payment: DD/Cash

Demand draft should be drawn in favor of "Principal, L.M. College of Pharmacy", payable at Ahmedabad.

Filled registration form along with DD should be sent to: Principal, L. M. College of Pharmacy, Post Box No. 4011, Navrangpura, Ahmedabad - 380 009.

For online registration visit www.lmcp.in. After online registration, DD with name & contact no. on backside of DD should be sent.

Registrations are limited to 50 participants.

Registration Details:

Amount: _____ DD No: _____

Date: _____ Place: _____

Drawn on bank: _____

Date: _____

Place: _____

Signature of Participant

Forwarded through Head of Institute

(Sign with seal)

Chief Coordinator

Dr. Anita A. Mehta

Principal I/C , L. M. College of Pharmacy

Venue

Department of Pharmacology
L. M. College of Pharmacy,
Navrangpura, Ahmedabad-380009.

Date: 11th August, 2013

Time: 9:00 A.M. to 5:30 P.M.

Organized by

Department of Pharmacology
L. M. College of Pharmacy
Ahmedabad-380 009. Gujarat-India.

Supported by

Gentech Marketing & Distribution Pvt. Ltd

E-mail: principal@lmcp.in
Website: www.lmcp.in

About LMCP

The L. M. College of Pharmacy is one of the premier pharmacy institute of India. The college was established in 1947 with a vision to impart quality pharmacy education. It is successfully run by Ahmedabad Education Society for more than 60 years and is affiliated to Gujarat Technological University since 2008. At present the college offers D.Pharm, B.Pharm, M.Pharm and Ph.D courses. The college is approved by All India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI) and has been awarded "A+" grade by NAAC. The institute owns one of the largest building with fully equipped laboratories, excellent library with prestigious national and international journals, e-journal subscription, computer lab, research laboratories with sophisticated instruments, botanical garden and animal house. With the support of highly qualified and experienced faculty members, the college has been nurturing the society with great number of industrialists, academicians and students who are successful in India as well as abroad.

About the Department of Pharmacology

Department of Pharmacology, L. M. College of Pharmacy, is the first department in the country to start M.Pharm in Pharmacology in 1953. Dr. M. A. Patel, the first commissioner of FDCA, Gujarat, Dr. C. N. Kaul, the first Director of NIPER, Mohali, Dr. M. F. Lokhandwala, Dean, University of Houston, USA have been some of the illustrious alumni of this department. It has organized several National and International conferences such as International Conference on Hypertension (1997), 24th National Conference of Indian Pharmacological Society (1991)

10th Annual Conference of Society of Pharmacovigilance (2003), National Symposium on Clinical Research (2005) besides several workshops and state symposia.

Staff and students have been conferred with awards and prizes from various national & international bodies such as International Academy of Cardiovascular Sciences, Canada (Life time Achievement Award, 2011), Indian Pharmacological Society (Achari, Gufic, Gulati, Dandiya, P P Suryakumari, Jaipur Prize), APTI (Best Pharmacy Teacher, Best Pharmaceutical Research Scientist, etc.) Department has NAFETIC Centre of AICTE for cardiovascular & diabetic research. It has adequate facilities for molecular biology, drug screening, diabetes, asthma & cardiovascular research. Faculties of this department are energetically engaged in innovations and researches. Research activities have been supported by national funding agencies like DST, AICTE, ICMR, CSIR, GUJCOST and UGC. Many scientists & students have visited this department for the research in area of Pharmacology under national and international collaborative projects. Staff members also have visited as scientists and professors at regular intervals to other universities in India & abroad.

About the Workshop

Pharmacology is a prominently growing area in pharmaceutical sciences that involves application of multiple biological approaches. With advancement in technology, versatility exists in the experiments of pharmacology related to screening of new chemical entities, exploration of mechanism

of drugs, toxicity testing, biomarker identification, etc. But there has been scarcity in expertise over pharmacology experiments because of day by day declination in animal utilization in education.

For the purpose of nurturing young talents in this field, Department of Pharmacology (L. M. College of Pharmacy) has organized workshop on experiments in Pharmacology.

The workshop aims to provide fundamental knowledge and basic tactics on Experimental Pharmacology.

Thrust Areas

The workshop aspires to cover following facets of Experimental Pharmacology:

- * General experimental techniques in pharmacology
- * Molecular biology experiments (Electrophoresis)
- * Cardiovascular experiments (Biopac, iWorx)
- * Respiratory and immunological experiments (Respiromax, Nebuliser, Respirometer)
- * *In vitro* experiments (ELISA, Digital Microscopy)
- * Behavioral Experiments (Analgesiometer, Photoactometer, Convulsiometer, Elevated Plus Maze Apparatus, Pole Climbing Apparatus)

Who Should Attend?

The workshop is best suited for aspiring post graduate students and Ph.D. scholars of pharmacy and medicine and young faculty members who are engaged in pharmacological research.
